It is often released exactly Friday 13, which makes it see in even more exciting theaters. You only have five films in the series, one of the smallest numbers on this list, but this doesn't mean you can't reach others over the years to come; The last episode arrived in 2010, so a new Karate Kid film could be due soon. He recited Charlton Heston in his discovery of a strange future in which the monkeys manage the world instead of humans. Photo of courtesy: CBS Television / Wikipedia recently, the series has seen a restart of three new films complete with CGI and advanced ties with the original series that DIE-DARDS certainly won't miss it. Whether you go for the oldest films of the 60s or the most recent reboot since the 2000s, you will find the comedy and the suspense rolled together in a delicious movie. The original films of 1939 did not have no less than 14 installments, and this does not include any films done after 1946. Photo of courtesy: NBC / Getty Images His hilarious comments and heart lessons have made 11 successful films in the course Some years. After all, it was a radio show, television show, comics and practically all the rest you can imagine. Thus, Star Trek won a name alone as a series (and film) with some of the most sequel of all time. A nightmare on Elm Streeethalloween is not the only horror shot with a daunting number of sequels ... a nightmare on Elm Street boasts nine terrifying installments that apply a scary movie marathon. Photo courtesy: Johan Oomen / Flickr What is not realized, however, is that the bind was originally a literary figure created by Ian Fleming. It may seem like a small number, but don't worry, it will be more. Predator Films), with Alien: Alliance released in 2017.
